Stand up

for SC public schools at the capitol!

As a leading voice for local public schools, your visibility in front of state lawmakers is important.

School funding reform, revisions to the state “sunshine” laws and expanded tuition tax credit/voucher programs are some of the legislative issues that will require you to stand up for South Carolina’s public schools at the State House in 2015.

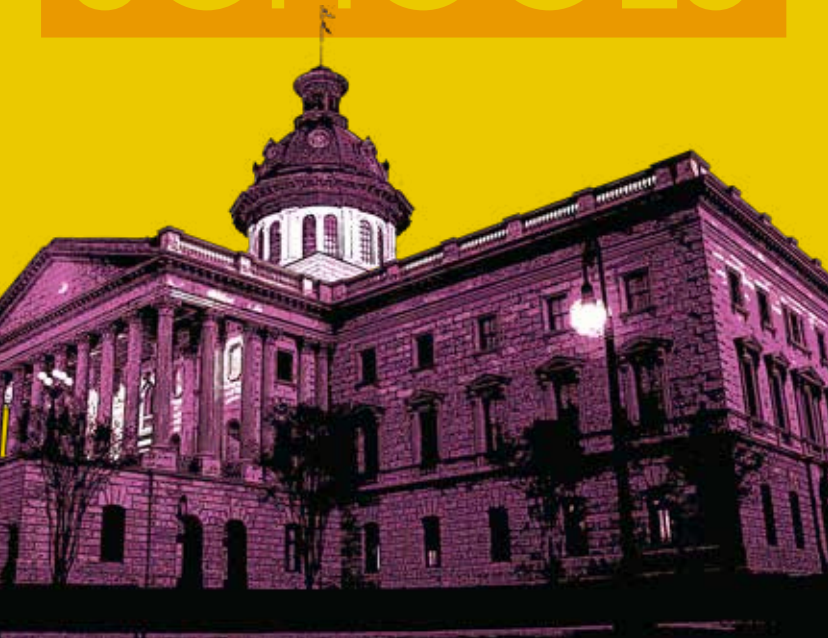

2DAC – Two Days at the Capitol – is a two-day advocacy program during the legislative session for board members, superintendents and other public school advocates to:

- spend time at the State House meeting with legislators to discuss public school issues
- attend legislative committee meetings
- increase the visibility and voice of local school boards
