

Lunch^{and} Learn

W . E . B . I . N . A . R

TUESDAY, OCTOBER 16 · 11:30 A.M. TO 1 P.M.

Are you ready for the new S.C. School Report Cards?

Spend lunchtime learning about the new school report cards scheduled to be released by the state on November 15. As school board members, you will likely be asked about the performance of schools in your district once the report cards are released in a few weeks. Get information on school ratings and the criteria used to calculate those ratings at the elementary, middle and high school levels. See how testing data, including disaggregated results by student demographic groups and other performance indicators will be presented. Participants will have the chance to ask questions and interact with presenters.

There is no fee for the webinar, but when you [register online](#), you will receive an email with detailed instructions and system requirements for participating in the webinar.

Participating board members will receive 1 point and 1 hour of SCSBA Boardmanship Institute credit.

Presenters

Melanie Barton, *Executive Director,
S.C. Education Oversight Committee*

John Payne, *Deputy Superintendent
for the Office of Innovation and Effectiveness,
South Carolina Department
of Education*
