Day 40 - The STARS of MassCUE - Jenn Scheffer, Burlington High Instructional Technology

This post originally appeared on Jenn's Blog

My first Mass CUE experience was quite an eye-opener. I wasn't entirely sure what to expect, but I certainly didn't anticipate walking into a scene that was reminiscent of my days as a recruiter for Southern New Hampshire University. It reminded me of the time I had the opportunity to represent SNHU at the International Hotel, Motel, and Restaurant Show held annually at the Jacob K. Javits Center in Manhattan. I knew there would be a vendor showcase at Mass CUE, however I didn't realize the magnitude of educational technology companies that would be on hand offering demos, free giveaways and overviews of the hottest tech gadgets and gizmos. To be honest, I passed by every flashy booth because I was on a mission. I was there to showcase

A funny thing happens when you tell kids they matter. They believe you.

An alarming 40,000 kids drop out of high school every year. Boys and Girls Clubs of Canada are committed to changing that. They provide a safe and supportive place where kids can develop confidence and life skills. They offer programs like Rogers Racing the Grade™ to help kids with their studies. The Club is a place where kids can drop in, so they're less likely to drop out.
