Think about staff development in your district:

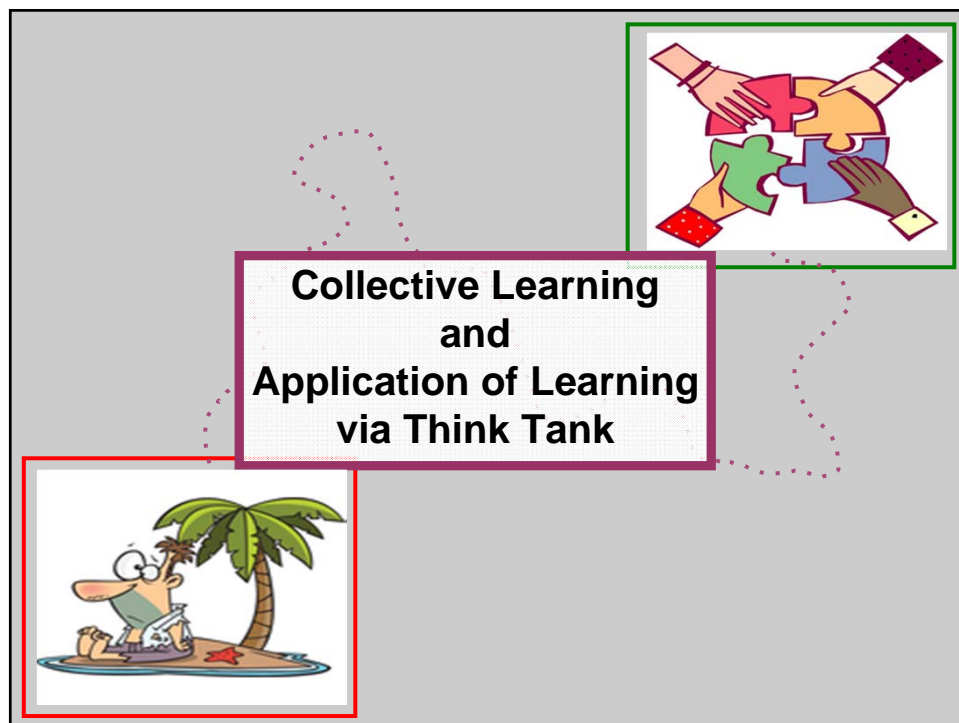

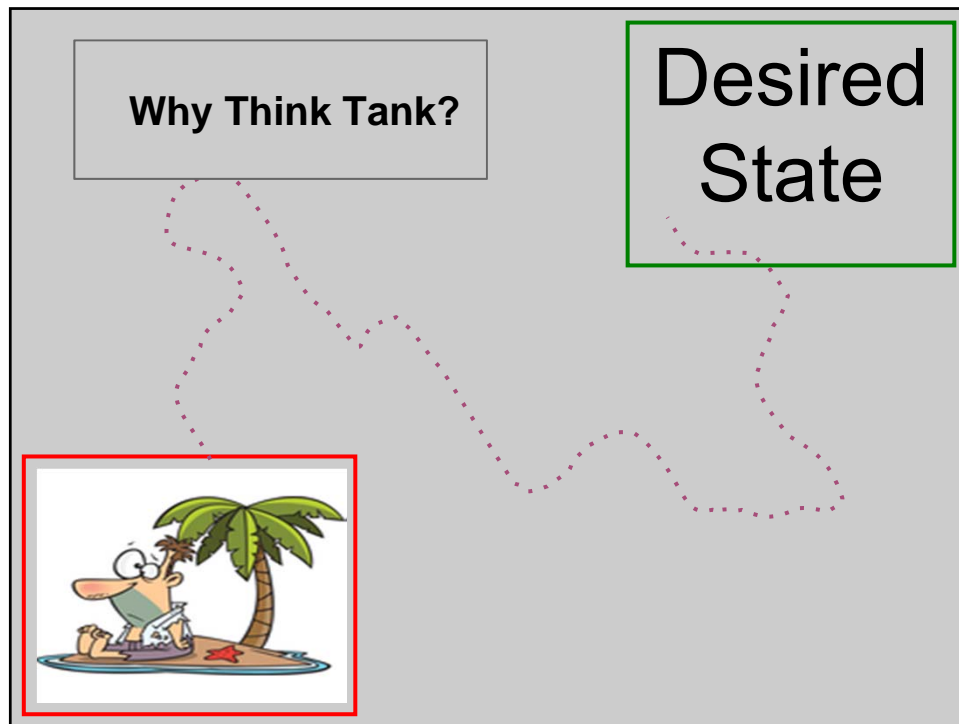

- ☐ What has been successful?
- ☐ What has not been successful?

## A Model with Results

- ❑ Allows teachers to share ideas and strategies with colleagues.
- ❑ Builds confidence for teachers to lead and plan professional development.
- ❑ Promotes comfort with teachers observing each other critically and honestly.
- ❑ Grows teachers as leaders.
- ❑ Provides a structure for the school to work on instructional priorities without changing the PD model.

## WHY A NEW PROFESSIONAL DEVELOPMENT VEHICLE?

- Sense of Urgency for CHANGE;
- Lack of sustained, school wide instructional change;
- Needed a model for data collection and analysis;
- Instructional improvements too slow for the learning needs of our students;
- Size of departments/school make PLCs challenging;
- Not all staff available after school because of other responsibilities.

## Think Tank VISION

- Realizing that the teacher is the MOST important factor in the classroom, Think Tank will engage teachers in real-time professional development experiences in order to maximize student learning at BLHS.

## THINK TANK PD GOAL

- To work efficiently and effectively with students in order to maximize instructional time and ensure fidelity in implementing curriculum aligned with the goals of the school and district plans.
