

A Vision For Student Achievement Through A Data-Driven Partnership: Lessons Learned From Florence 1 Schools And LinkIt!

Hayley Cagle, M.Ed, Former Principal and Classroom Teacher

Director of School Improvement

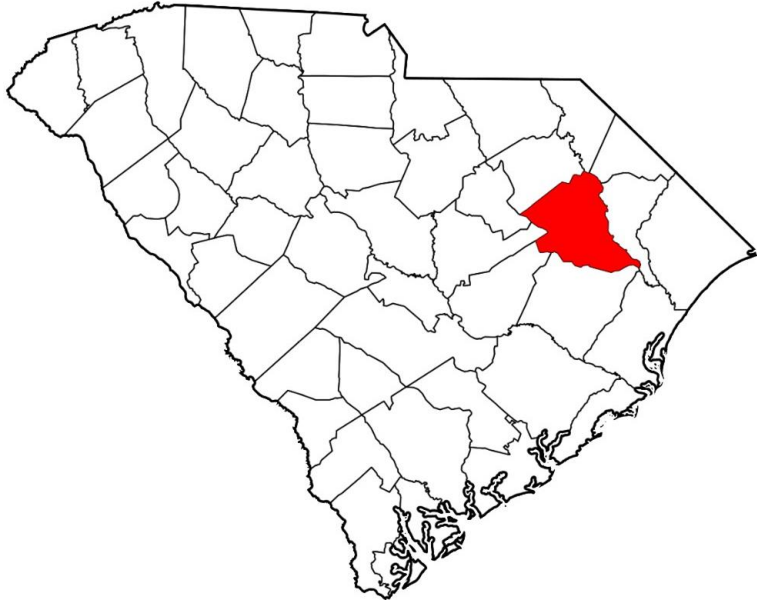

Florence 1 Schools

Matt Wilson, Former Superintendent, Principal and Classroom Teacher

Director of Educational Programs

LinkIt!

Florence 1 Schools

- Pre-K-12 District Located in Florence County, South Carolina
- Approximately 16,000 students
- Composed of 16 Elementary, 3 Middle and 3 High Schools
- 15th largest school district in South Carolina
- Second largest employer in Florence County

- Data Analytics and Assessment Technology Company Supporting School Districts Since 2010
- Intuitive Instructional Data Warehouse, 21st Century Assessment Platform and Custom Analytics and Consultation
- SCCCR Aligned K-12 Math and Language Arts Benchmarks Predictive of SC READY and EOCEP Outcomes
- Former Career Educators and LinkIt! Clients Support School Partnerships
- [LinkIt! Products and Services \(click here\)](#)

Data-Driven Instruction

Why does it matter?

Accountability - South Carolina School Report Cards

- Improve Student Learning
- Support Individual Students
- Provide Student Opportunities
- Ensure Successful Student Outcomes

Florence One Schools and Data-Driven Instruction

Formative/Benchmark Assessments + Data Analysis + Data Discussions =

Student Growth

Florence One Schools and Data-Driven Instruction

- Administrative Data Discussions
- Teacher Data Discussions
- Student Data Discussions

The vast majority of people desire growth and learning. Extrinsic motivation being replaced by intrinsic self-motivation is the focus of F1S. Setting goals and seeing them accomplished brings about change within the schools, but it also builds a platform for the life-long learner.

Florence One Schools and Data-Driven Instruction: How LinkIt! Supports Our Data Journey

- South Carolina Student Data is comprehensive and ever-changing. LinkIt! has become our partner to support challenges associated with data collection and analysis.
- Collecting and organizing data is extremely time consuming. LinkIt! has taken this negative component away, giving us more time for analysis and implementation.
- Teaching students and teachers about formative/benchmark assessments has been a bit of a challenge. The focus is NOT on every grade in the gradebook, but on the final learning outcome.

Florence One Schools and Data-Driven Instruction: How LinkIt! Supports Our Data Journey

F1S is the first district in South Carolina to use LinkIt!. We have been able to develop a platform which solely meets our needs.

- Easy to use platform and comprehensive data reports
- Constant and consistent correlations to our state testing
- Creating custom reports within a short time frame
- Unmatched Partnership. LinkIt! is an extension of our district, not just a partner. They do whatever they can to meet our needs. Customer service and support are streamlined, specific and timely.

Florence One Schools and Data-Driven Instruction: How LinkIt! Supports Our Data Journey

LinkIt's team and analytics have:

1. Saved our team time in creating reports and analyzing data. It has been done for us, we simply have to dive into the reporting.
2. Assisted in identifying quickly when students have dropped or gained in achievement; which is both a achievement issue and a student growth issue
3. Helped our team understand how we can we help support each student through data analysis

LinkIt! Analytics in Support of F1S

Custom On-Demand Reports:

- 3-Year SC Ready
- 4-Year EOCEP
- Teacher Slides
- Student Proficiency
- SC READY/EOCEP Predictive Analytics
- 9GR EOCEP
- Rostering and Eligibility Reports with Local Measures Including Teacher Recommendations

Online Dashboard:

- Class Diagnostic
- Item Analysis
- Grouping
- Custom Report Visualizations
- Student History

Student History - Historical Student Data

- Comprehensive longitudinal history of all academic data across all grades, subjects and years for a single student
- Display one or more data sets at a time
- Organize data by subject, test type and time frame
- Teachers have access to their historical classes as well as all subjects irrespective of what course they teach
- Printable in both color and grayscale for black-and-white printing at both student and class level
- Data is exportable to copy and insert into an IEP
- Helpful for parent/teacher meetings, placement decisions and MTSS/RTI
- Expand summary data to drill down to subscores

Standard	Description	Items	Avg. ▾
RL.LCS.12.2	Analyze the author's choice of structures within the text and draw conclusions about how they impact meaning.	3	70%
RL.RC.13.3	Read and respond to grade level text to become self-directed, critical readers, and thinkers.	4	70%
RL.MC.5.1	Cite multiple examples of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.	3	68%
RL.LCS.11.1	Analyze how an author develops and contrasts points of view to impact content, meaning, and style.	3	63%
RL.MC.6.1	Determine one or more themes and analyze the development; provide an objective summary.	6	54%
RI.LCS.8.2	Determine the impact of text features and structures on an author's ideas or claim.	7	51%
RI.LCS.8.1	Determine figurative, connotative, and technical meanings of words and phrases used in a text; analyze the impact of specific words or phrases on meaning and tone.	3	48%
	Apply a range of strategies to determine and deepen the meaning

Custom Reports To Identify Trends

SC READY / EOC: Custom Reports (Race)

Data Engagement Exercises and PD: First 30 Days

Click a data engagement exercises from the menu below for
step-by-step directions, videos, and additional resources

Access individual students' historical data	Compare achievement to school/district averages	Single test and subscore performance
Measure scale score growth	Analyze subscore growth	Identify students moving up achievement levels
Identify students moving down achievement levels	Identify high-potential <i>Approaching</i> students	Identify at-risk <i>Meeting</i> students
Correlate SC Ready and Benchmark results	Analyze students' proficiency of prior year standards	Auto-group students with with similar achievement on prior year standards

F1S and LinkIt!: Our Data Journey Continues

Lessons Learned: Where we are now...Where we are going...

- District assessments are being administered through LinkIt!
- Teachers and coaches are starting to create their own assessments in LinkIt!
- Performance, rubric based data is being entered into LinkIt! for placement
- Teachers are using LinkIt! to form instruction and set individual student goals
- Coaches are using LinkIt! to find weaknesses in areas of instruction within schools and teacher classrooms
- Administrators are using LinkIt! to set goals, identify needed programs, monitor student growth
- The Superintendent and Board of Education are benefiting from LinkIt! by seeing the student growth in their district! It is an exciting time in F1S!

Next Steps for Interested Districts

Ongoing Consideration

- Q&A
- *References and testimonials*
- *Webinar presentation to additional stakeholders*

FREE Pilot Planning

- *Free multi year SC READY/ EOCEP report*
- *Platform Pilot*
- *SIS sync and historical/current year data processing*

Implementation and Support

- *Data warehousing and SCCCR Benchmark Administration*
 - *SC READY/EOC Predictive Analytics*
 - *Navigator presentation and custom data analysis consultation*
- *Assessment solution*
 - *Introductory webinar*
 - *Reporting and analysis PD*
