

**What is the Anderson 4 Experience?**  
 A student-centered, caring, safe and family atmosphere where one dedicated team encourages, loves, nurtures and listens to each student, while providing them large district opportunities with the benefit of small school values.

# Anderson School District 4

is the ideal choice for families, offering personalized learning and global opportunities. We are dedicated to whole child education and to providing the vital 21st Century skills students need to thrive. It's an enhanced environment with a broad curriculum. We are committed to providing your children with quality educational experiences that will prepare them for a technological, global, and creative world.

## Our Mission

is to serve the individual and diverse needs of students.

## Our Purpose

is to provide safe environments for diverse learning experiences that foster world-class knowledge, skills, life characteristics, and community engagement.

## Our Schools

offer small school values with large school opportunities, with four elementary schools, one middle school that feeds into one high school, so student progress can be closely monitored.

### Elementary Schools

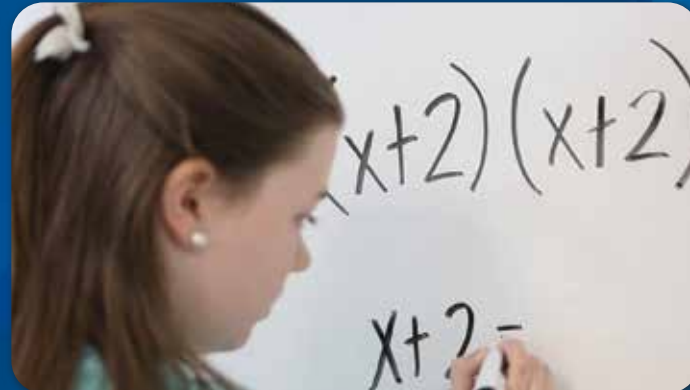

provide signature experiences which personally connect natural talents in a variety of STEAM elements - learning through Science, Technology, Engineering, Arts and Math - while building foundations in L<sup>2</sup> - Literacy and Leadership.

La France | Mount Lebanon | Pendleton | Townville

### Riverside Middle School

students may choose up to eight programs of interest in addition to anchor core classes in STEAM, creativity and the humanities to further develop transferable skills while building career readiness.

### Pendleton High School

offers unique opportunities that integrate core and co-curricular programs which allows students to personalize their creativity and career-readiness learning.

## Our Initiatives

challenge our commitment to excellence by making sure we are responsibly seeking ways to help students and families learn, and to establish and maintain healthy lifestyles.

### Be Smart and Eat Smart

is about emphasizing nutrition education outside of the cafeteria, into classrooms and our community. Improving health and wellness is vital to ensure student success and engaging in lifelong habits.

### Your Penny at Work

includes the one-cent sales tax referendum approved by voters in 2014 to build the new career center called the **Anderson Institute of Technology**, which will serve high school students in 20 career-oriented and innovative programs. Students will continue to gain valuable insights to career pathways including opportunities for dual-credit courses with Tri-County Tech and Clemson University, and real-work experiences within this new consolidated site. **Opening - Fall 2019.**

### Excellent

Pendleton High School received an Excellent rating on the **South Carolina Report Card** for Graduation Rate.

### Great Talent

is an asset to any potential employee. In District 4, we are vigilantly looking to hire highly-qualified classified and non-classified staff that will support our efforts to go Above and Beyond with our students and community.
