NAVIGATING THE PRESENT AND LOOKING TO THE FUTURE

Bring your thoughts, perspectives and perceptions about how COVID-19 has impacted your schools and how the virus may change school operations in the future to determine what legislative or regulatory issues we should focus on in 2021 and beyond. History has shown us that we often emerge from

challenging times even better than before. Participants will be asked to bring answers to questions about their school districts and share lessons learned from the current crisis.

Mark your calendar and plan to attend one of three face-to-face SCSBA Regional Advocacy Meetings.
