## SCSBA is hitting the road

in September and early October to visit with school board members in four regional statewide meetings to talk about advocacy and the importance of school board voices in the state legislative process.

While SCSBA staff presents the policy agenda of the collective school boards in the state, our influence is only as strong as the relationships school board members and school boards have with their lawmakers back home.

So, please mark your calendar and plan to join us for interactive, advocacy-focused conversations on the following:

- **changing the legislative landscape** and the influence of politics on education policy
- the current level of **school boards' influence** in setting state public education policy
- your ideas for **strengthening school board advocacy efforts** with lawmakers

### Boardmanship Institute:

Participating board members will receive 5 points and 2 hours of SCSBA Boardmanship Institute credit.
