LETTER TO PARENTS

Dear Middle and High School Parents:

When all of Chesterfield County schools are safe, orderly, and free of disruptions; our school leaders have the best opportunities to lead, our teachers have the best opportunities to teach, and our support staff have the best opportunities to provide support.

The above conditions must exist to ensure that your child is growing academically and reaching his or her full potential.

I believe that your child and every student deserve the right to be in school, feel safe, and learn without disruptions. To endorse this type of learning environment and culture in our middle schools and high schools, we will continue this year to take a stance against (1) fighting, (2) inciting a fight, and (3) gang attacks.

If it is confirmed that a middle school or high school student participated or demonstrated in any of these three misbehaviors, he or she will be transported to the Chesterfield County Sheriff's Department by the School Resource Officer.

While there, the student will be under the supervision of a law enforcement officer while waiting to be picked up by his or her parent, detained, or sent to the Department of Juvenile Justice.

LETTER TO PARENTS

Though the child will be afforded an Administrative Hearing, he or she will not have the opportunity to return to his or her school for the remainder of the school year.

Please review and discuss the terms and definitions below with your child as well as the above-mentioned potential consequences.

FIGHTING: An incident involving two or more students with mutual physical contact, such as, but not limited to hitting, kicking, throwing, biting, or punching.

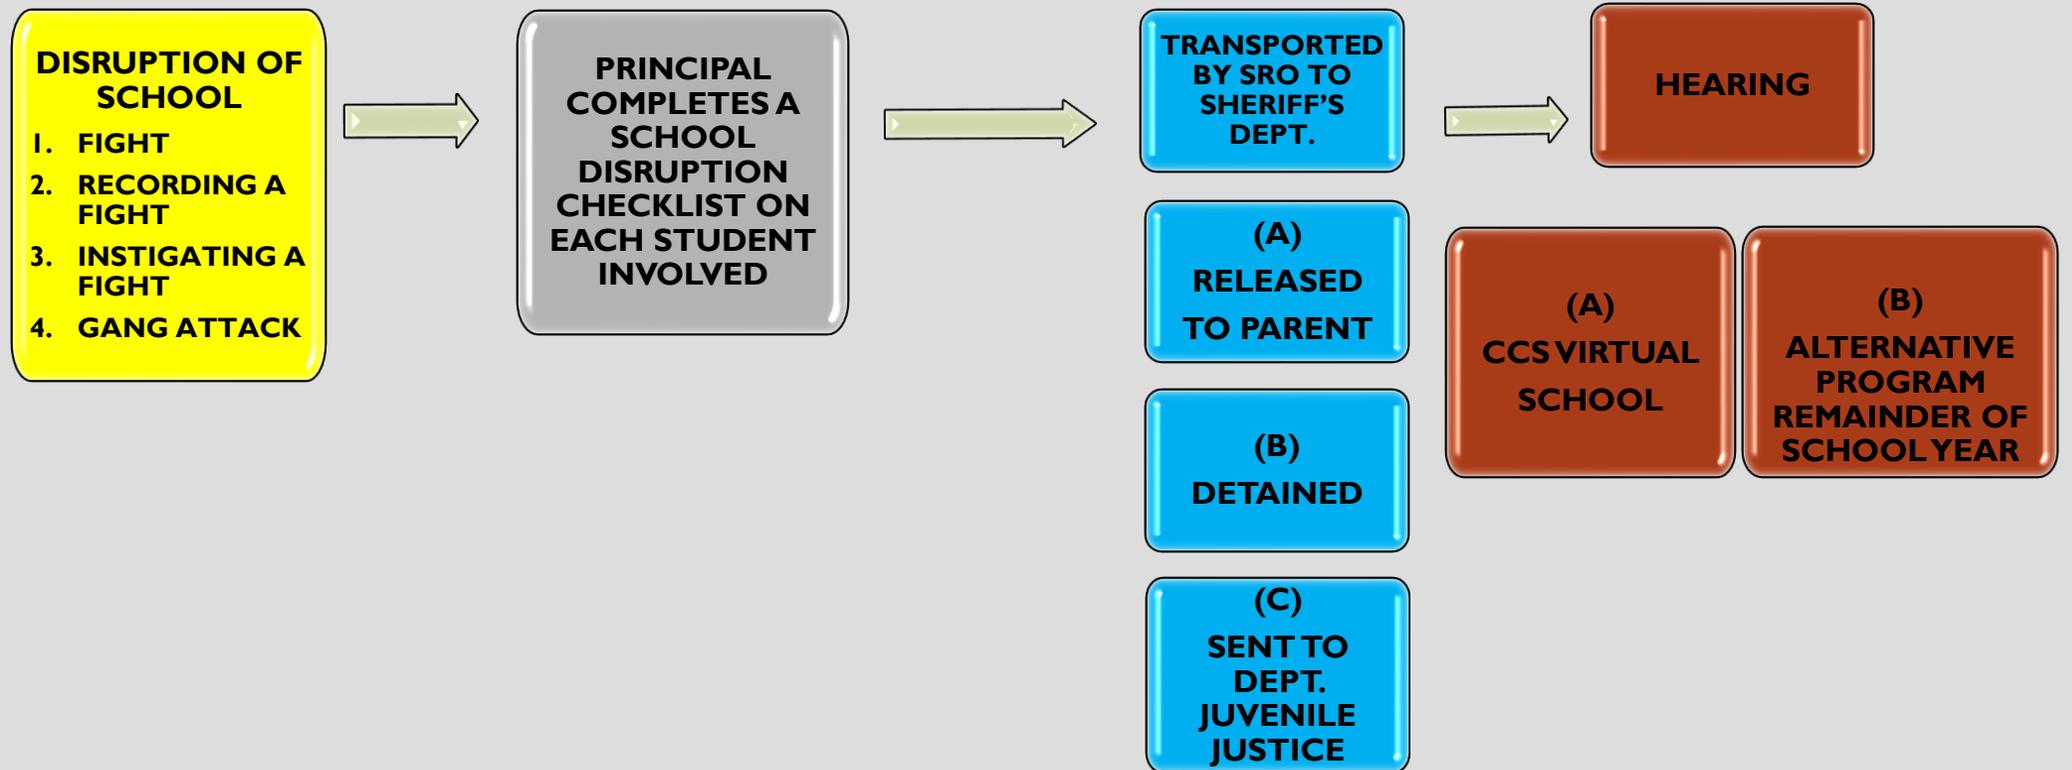

INCITING A FIGHT: Inciting or causing others to have a physical confrontation or fight.

GANG ATTACK: Two or more students attack, threaten, or intimidate another student.

NO FIGHTING EMAIL ALERT

- If you or your child has any information about an impending fight, someone who recorded a fight, and/or someone who is inciting a fight or gang attack at any of our schools, please email and report the information using the appropriate email address below:

NEW CONSEQUENCES

STAY IN SCHOOL ROUNDTABLE

High school and middle school motivational and small group discussions led by representatives from multiple Chesterfield County Law Enforcement Agencies, the Solicitors Office, and Chesterfield County School District. Representatives encouraged students to stay in school and forewarn them about the school to prison pipeline.

PREVENTATIVE MEASURES

SCHOOL DISRUPTION CHECKLIST

Guide the school administrator through the investigation and confirm whether or not the student actually engaged in fighting, recorded the instigation of a fight, or a gang attack.

PREVENTATIVE MEASURES

SCHOOL COUNSELORS

Conduct informational and preventative sessions in Chesterfield County primary and elementary schools to the topics of fighting, recording fighting, instigating a fight, or gang attacks with students in the classroom, small groups, or one-on-one settings.

PREVENTATIVE MEASURES

SCHOOL DISRUPTION ALERT EMAIL

A unique email address for any student, parent, or community member to alert a school about a possible fight, the recording of a fight, someone instigating a fight, or a gang attack. The email will go directly to the school administrators.

PREVENTATIVE MEASURES

COMMUNICATION & DISCUSSIONS FOR SOLUTIONS
